Barrier System For Surgical Theatres

Disposable Surgical Gowns

Disposable surgical gowns are known to provide high protection, against body fluids as well as Various infections to its user. Our gowns are made from non-linting, non-woven, hydrophobic, antistatic. Treated SMMS, medical standard. The gowns are breathable and comfort to wear.

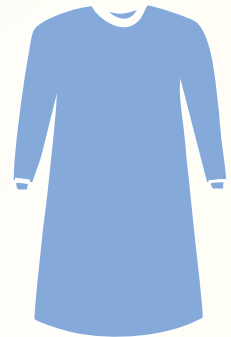

Surgical gowns with reinforcement-are equipped with a liquid proof material at the front and on the sleeves. Although the material is laminated, it's a breathable and provides high level of protection against fluids.

TYPES OF GOWNS

► ECO SURGEON GOWN

Material: SMMS 43GSM

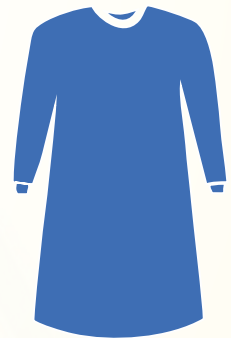

Applications: For Low Fluid Contact Surgery.

► SPECIAL SURGEON GOWN

Material: SMMS 52GSM

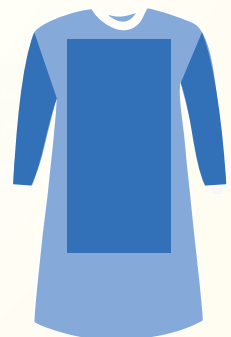

Applications: For Medium Fluid Contact Surgery.

► PREMIUM SURGEON GOWN

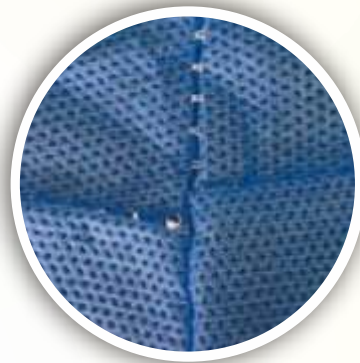

Material: SMMS 52GSM (with re-enforcement)

Applications: For Long Lasting and High Fluid Contact Surgery
